Dear Parents/Carers,

PebbleArt!

A new trend sweeping the nation, where beautiful pebbles are painted with patterns, positivity and colour then hid around the community for children to find. Such a simple idea that can bring a smile to any child's face.

We would love to bring those wide smiles into school, on a permanent basis! So we are beginning a whole school art project to finish this term, where every child will paint a pebble in school in a specific colour for their year group, then add a lovely positive design or statement to it to inspire and cheer others around them. The teachers will then combine all of these pebbles into one giant piece of beautiful artwork to be displayed in school for years to come..... a little piece of Lancaster Road history.

In order for your child to paint a pebble in school, we need your help. **Please can you collect one lovely stone, ensure it is clean and dry and send it into school as soon as possible.** PebbleArt will be done over the next couple of months with small groups of children, so get thinking of those designs!

We are so excited to see the finished piece of art, and hope you will love it as much as we think we will. A massive thank you to the Lancaster Road PTA for their fundraising contribution towards all the paint for the project, we can't wait to get started!

Yours faithfully,

Catherine Harrison
(Art Coordinator)
